

# TOOLKIT

We all love a Party in Dorset! And whether that's a BBQ in summer or a get together with mulled cider in winter let's make sure we are leaving no trace and celebrating Litter Free Style.

## Litter Free Party Tips

### CROCKERY

Always opt for reusable cups, plates and cutlery.

### DISPOSE OF BBQS

Never leave disposable BBQs or rubbish left from BBQs on beaches or parks.

### CELEBRATE DON'T INFLATE

Don't buy balloons instead get out that bunting which can be used again and again and again.

### GLITTER

All that glitters is not gold (but it could be plastic). Glitter is essentially just teeny, tiny bits of pretty plastic.

### PARTY BAGS

Don't be a Party Pooper and hand out lots of plastic at the end of your child's party.

### BIN YOUR BUTT

Always dispose of your cigarette butts in a cigarette bin or by using a portable ashtray.

### TUPERWARE

Lets bring back Tuperware! Use for left overs and save the planet!
