

TIPS TO REDUCE SINGLE-USE PLASTIC WHEN ON HOLIDAY

WHEN EXPLORING

Tap water is free!

BRING A REUSABLE MUG & BOTTLE

2.5 billion coffee cups are used and thrown away each year in the UK and you never know when you'll fancy a coffee! Bringing your own cup could save you money too!

SAY NO TO DISPOSABLES

Choose to reuse! Metal cutlery works better than single-use cutlery and you can use it over and over again!

Say no to plastic straws if you don't need one

PACK A REUSABLE TOTE BAG

This will come in handy for food shopping or anything else that catches your eye! Will save you buying a single-use plastic bag.

EVEN WHEN YOU'RE AWAY FROM HOME YOU CAN REDUCE SINGLE-USE PLASTIC

We've made changes in our business to reduce our use of single-use plastic. While you're staying with us, please try and reduce your use of single-use plastic as much as possible.
